INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Borough Council
Borough of East Newark
East Newark, New Jersey 07029

Report on the Financial Statements

We have audited the financial statements - regulatory basis of the various funds and account groups of the Borough of East Newark, in the County of Hudson, as of and for the years then ended December 31, 2014 and 2013, and the related notes to the financial statements - regulatory basis, as listed in the foregoing table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements - regulatory basis in accordance with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements - regulatory basis based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements - regulatory basis are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements - regulatory basis. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements - regulatory basis, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Borough's preparation and fair presentation of the financial statements - regulatory basis in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements - regulatory basis.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, these financial statements - regulatory basis have been prepared in conformity with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey. The effects on the financial statements - regulatory basis of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "*Basis for the Adverse Opinion on U.S. Generally Accepted Accounting Principles*" paragraph, the financial statements - regulatory basis referred to in the first paragraph, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2014 and 2013, and the results of its operations for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements - regulatory basis referred to above, present fairly, in all material respects, the financial position of the various funds of the Borough of East Newark at December 31, 2014 and 2013, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended, in accordance with accounting principles on the basis of financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements - regulatory basis that collectively comprise the Borough's financial statements - regulatory basis. The supplementary schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements - regulatory basis.

The supplementary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements - regulatory basis. Such information has been subjected to the auditing procedures applied in the audit of the financial statements - regulatory basis and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements - regulatory basis or to the financial statements - regulatory basis themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules are fairly stated, in all material respects, in relation to the financial statements - regulatory basis taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2015 on our consideration of the Borough of East Newark's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of East Newark's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

BOROUGH OF EAST NEWARK

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Borough of East Newark is organized as a Small Municipality Plan municipality under the provisions of N.J.S. 40:69A-115 et seq. The Borough is "governed by an elected Council and a Mayor, and by such other officers and employees as may be duly appointed. The Council shall consist of six members elected at large by voters of the municipality and shall serve for a term of three years beginning on the first day of January next following their election and that the Mayor shall be elected directly by the voters of the municipality for a term of 4 years beginning on the first day of January next following their election".

Each member of the Council carries a legislative vote.

Governmental Accounting Standards Board (GASB) Statement No. 14 establishes certain standards for defining and reporting on the financial reporting entity. In accordance with these standards the reporting entity should include the primary government and those component units which are fiscally accountable to the primary government. The financial statements of the Borough of East Newark include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough, as required by the provisions of N.J.S. 40A:5-5.

B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the recognized standard setting body for establishing governmental accounting and financial reporting principles. The GASB establishes three fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

The accounting policies of the Borough of East Newark conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. These principles are a "Modified Accrual Basis of Accounting" which differs from accounting principles generally accepted in the United States of America (GAAP) for governmental entities. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of East Newark accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP:

Current Fund - Encompasses resources and expenditures for basic governmental operations. Fiscal activity of Federal and State grant programs are reflected in a segregated section of the Current Fund.

Trust Funds - The records of receipts, disbursements and custodianship of monies in accordance with the purpose for which each account was created are maintained in Trust Funds. These include the Animal Control Trust Fund and the General Trust Fund.

General Capital Fund - The receipts and expenditure records for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund, are maintained in this Fund, as well as, related long-term debt accounts.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

B. Description of Funds (Continued)

Utility Fund - The Water Utility is treated as a separate entity. It maintains its own Operating and Capital Funds which reflect revenue, expenditures, stewardship, acquisitions of utility infrastructure and other capital facilities, debt service, long-term debt and other related activity.

Public Assistance Trust Fund - Receipts and disbursements of funds that provide assistance to certain residents of the Borough of East Newark pursuant to the provisions of Title 44 of the New Jersey statutes are maintained in the Public Assistance Trust Fund. As of March 1999, the administration of the Borough of East Newark transferred the Public Assistance Department to the County of Hudson in accordance with provisions of P.L. 1977, C. 3.7.

Capital Fixed Assets - These accounts reflect estimated valuations of land, buildings and certain movable capital fixed assets of the Borough as discussed under the caption of "Basis of Accounting". There is no current financial data for these accounts.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, differ in certain respects from accounting principles generally accepted in the United States of America. The accounting system is maintained on the modified accrual basis with certain exceptions. Significant accounting policies in New Jersey are summarized as follows:

Property Taxes and Other Revenue

Property taxes and other revenue are realized when collected in cash or approved by regulation for accrual from certain sources of the State of New Jersey and the Federal Government. Accruals of taxes and other revenue are otherwise deferred as to realization by the establishment of offsetting reserve accounts. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenue

Federal and State grants, entitlements or shared revenue received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough of East Newark's budget. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual.

Expenditures

Expenditures for general and utility operations are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts which may have been cancelled by the governing body or by statutory regulation, are automatically recorded as liabilities at December 31st of each year, under the title of "Appropriation Reserves".

Grant appropriations are charged upon budget adoption to create spending reserves.

Budgeted transfers to the Capital Improvement Fund are recorded as expenditures to the extent permitted by law.

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

Budget Appropriations for interest on General Capital Long-Term Debt is raised on the cash basis and is not accrued on the records; interest on Utility Debt is raised on the accrual basis and so recorded.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

C. **Basis of Accounting (Continued)**

Expenditures (Continued)

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances

As of January 1, 1986 all local units were required by Technical Accounting Directive No. 85-1, as promulgated by the Division of Local Government Services, to maintain an encumbrance accounting system. The directive states that contractual orders outstanding at December 31, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves

Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences

Expenditures relating to obligations for unused vested accumulated sick, vacation and compensatory pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Unpaid Insurance Claims

Unpaid claims are not recorded in the financial statements until paid. GAAP requires the recording of a liability for unpaid insurance claims when incurred.

Property Acquired for Taxes

Property Acquired for Taxes (Foreclosed Property) is recorded in the Current Fund at the assessed valuation during the year when such property was acquired by deed or foreclosure and is offset by a fixed corresponding reserve account. GAAP requires such property to be recorded in the capital fixed assets at market value on the date of acquisition.

Interfunds Receivable

Interfunds Receivable in the Current Fund are generally recorded with offsetting reserves which are established by charges to operations. Collections are recognized as income in the year that the receivables are realized. Interfunds Receivable of all other funds are recorded as accrued and are not offset with reserve accounts. Interfunds Receivable of one fund are offset with Interfunds Payable of the corresponding fund. GAAP does not require the establishment of an offsetting reserve.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued)

Inventories of Supplies

Materials and supplies purchased by all funds are recorded as expenditures.

An annual inventory of materials and supplies for the Water Utility is required, by regulation, to be prepared by Borough personnel for inclusion on the Water Utility Operating Fund balance sheet. Annual changes in valuations, offset with a Reserve Account, are not considered as affecting results of operations. All repairs, water connections and maintenance services of the Water Utility are contracted and an inventory is not maintained. There is no inventory on hand. Materials and supplies of other funds are not inventoried nor included on their respective balance sheets.

Capital Fixed Assets

General:

In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from GAAP, the Borough of East Newark has developed a capital fixed asset accounting and reporting system. An inventory of capital fixed assets was prepared in 1992 and has not been maintained or updated by Borough officials.

GAAP requires that capital fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available. Depreciation on utility capital fixed assets should also be recorded.

Capital fixed assets used in governmental operations (general capital fixed assets) are accounted for in the Capital Fixed Assets Account. Public domain ("infrastructure") general capital fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Acquisitions of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual capital fixed asset record.

Vehicles, furniture, equipment and other items are reflected at replacement values at time of inventory preparation. Additions to the established capital fixed assets are valued at cost. No updated costs or valuation basis was available as of December 31, 2014.

Depreciation of assets is not recorded as an operating expense of the Borough.

Utilities:

Capital acquisitions, including utility infrastructure costs of the Water Utility, are recorded at cost upon purchase or project completion in the Fixed Capital Account of the utilities. The Fixed Capital Accounts are adjusted for dispositions or abandonments. The accounts include movable capital fixed assets of the Utility but are not specifically identified and are considered as duplicated in the Capital Fixed Assets. The duplication is considered as insignificant on its effect on the financial statements taken as a whole.

Utility improvements that may have been constructed by developers are not recorded as additions to Fixed Capital.

Fixed Capital of the Utility is offset by accumulations in Amortization Reserve Accounts. The accumulations represent costs of fixed assets purchased with budgeted funds or acquired by gift as well as grants, developer contributions or liquidations of related bonded debt and other liabilities incurred upon fixed asset acquisition.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued)

Utilities: (Continued)

The Fixed Capital Accounts reflected herein are as recorded in the records of the municipality and do not necessarily reflect the true condition of such Fixed Capital. The records consist of a control account only. Detailed records are not maintained.

D. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough of East Newark presents the financial statements listed in the table of contents which are required by the Division of Local Government Services and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

2. CASH, CASH EQUIVALENTS AND INVESTMENTS

A. Cash and Cash Equivalents

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities which mature within two years provided, however, the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required.

In addition, by regulation of the Division of Local Government Services, municipalities are allowed to deposit funds in the Municipal Bond Insurance Association (MBIA) through their investment management company, the Municipal Investors Service Corporation.

In accordance with the provisions of the Governmental Unit Deposit Protection Act of New Jersey, public depositories are required to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, The Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

A. Cash and Cash Equivalents (Continued)

As of December 31, 2014, the Borough of East Newark had investments in the State of New Jersey Cash Management Fund in the sum of \$191,275.98. The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities which mature within two years provided, however, the average maturity of all investments in the Fund shall not exceed one year. Collateralization of fund investments is generally not required.

B. Investments

New Jersey statutes permit the Borough to purchase the following types of securities:

- . Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- . Government money market mutual funds.
- . Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- . Bonds or other obligations of the local unit or school districts of which the local unit is a part.
- . Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments.
- . Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Rebate Management Program.
- . New Jersey State Cash Management Fund.
- . Repurchase agreements of fully collateralized securities, subject to special conditions.

In addition, a variety of State laws permit local governments to invest in a wide range of obligations issued by State governments and its agencies.

As of December 31, 2014, the Borough had funds invested and on deposit in checking and New Jersey Cash Management Accounts and Certificates of Deposits in the amount of \$2,459,373.33. These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 40.

3. TAXES AND TAX TITLE LIENS RECEIVABLE

Property assessments are determined on true values and taxes are assessed based upon these values. The residential tax bill includes the levies for the Borough, County and School purposes. Certified adopted budgets are submitted to the County Board of Taxation by each taxing district. The tax rate is determined by the board upon the filing of these budgets.

The tax bills are mailed by the Tax Collector annually in June and are payable in four quarterly installments due the first of August and November of the current year and a preliminary billing due the first of February and May of the subsequent year. The August and November billings represent the third and fourth quarter installments and are calculated by taking the total year tax levy less the preliminary first and second quarter installments due February and May. The preliminary levy is based on one-half of the current year's total tax.

3. TAXES AND TAX TITLE LIENS RECEIVABLE (Continued)

Tax installments not paid by the above due dates are subject to interest penalties determined by a resolution of the governing body. The rate of interest in accordance with the aforementioned resolution is 8% per annum on the first \$1,500.00 of delinquency and 18% on any delinquency in excess of \$1,500.00. The resolution also sets a grace period of ten days before interest is calculated. In addition, any delinquency in excess of \$10,000.00 at the end of the calendar year is subject to a 6% penalty on the unpaid balance.

Taxes unpaid on the 11th day of the eleventh month in the fiscal year when the taxes become in arrears are subject to the tax sale provisions of the New Jersey statutes. The municipality may institute in rem foreclosure proceedings after six months from the date of the sale if the lien has not been redeemed.

The following is a five year comparison of certain statistical information relative to property taxes and property tax collections for the current and previous four years.

Comparative Schedule of Tax Rates

	<u>2014</u>	<u>2013</u>	<u>2012</u>	<u>2011</u>	<u>2010</u>
Tax Rate	<u>\$9.114</u>	<u>\$9.091</u>	<u>\$8.627</u>	<u>\$8.362</u>	<u>\$7.945</u>
Apportionment of Tax Rate:					
Municipal	\$4.061	\$3.978	\$3.790	\$3.529	\$3.466
*County	1.919	1.952	1.703	1.763	1.500

	2012	129,044.94	15,000.00
	2011	126,781.63	15,000.00
	2010	104,260.71	18,050.00

7. PENSION PLANS

Description of Systems

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS). In addition the Borough contributes to the Consolidated Police and Firemen's Pension Fund. These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The Public Employees' Retirement System and the Police and Firemen's Retirement System is considered a cost sharing multiple-employer plan.

Public Employees' Retirement System:

The Public Employees' Retirement System (PERS) was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

Significant Legislation

P.L. 2011, c. 78, effective June 28, 2011, made various changes to the manner in which PERS operates and to the benefit provisions of that system.

This new legislation's provisions impacting employee pension and health benefits include:

- . New members of PERS hired on or after June 28, 2011 (Tier 5 members), will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of ¼ to 1 percent for each month that the member is under age 65.
- . The eligibility age to qualify for a service retirement in the PERS is increased from age 62 to 65 for Tier 5 members.

7. PENSION PLANS (Continued)

Significant Legislation (Continued)

Active member contribution rates will increase. PERS active member rates increase from 5.5 percent of annual compensation to 6.5 percent plus an additional 1 percent phased-in over 7 years. For Calendar Year 2014, the member contribution rates increased in July 2014. The phase-in of the additional incremental member contributions for PERS members will take place in July of each subsequent year.

The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.

In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Police and Firemen's Retirement System:

The Police and Firemen's Retirement System (PFRS) was established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full-time county and municipal police or firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees. Members may opt for Service Retirement if over age fifty-five or Special Retirement at any age if they have a minimum of 25 years of service or 20 years of service if enrolled in the PFRS as of January 18, 2000. Retirement benefits vary depending on age and years of service.

Chapter 428, Public Law of 1999, effective January 18, 2000, allows a member, age 55 and older with 20 or more years of service, to retire with a benefit equaling 50% of final compensation, in lieu of the regular retirement allowance available to the member. Final compensation means the compensation received by the member in the last twelve months of creditable service preceding retirement.

In addition, a member of the system as of the effective date of this law may retire with 20 or more years of service with a retirement allowance of 50% of final compensation, regardless of age, and, if required to retire because of attaining the mandatory retirement age of 65, an additional 3% of final compensation for every additional year of creditable service up to 25 years.

Significant Legislation

P.L. 2011, c. 78, effective June 28, 2011, made various changes to the manner in which PERS operates and to the benefit provisions of that system.

This new legislation's provisions impacting employee pension and health benefits include:

The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60 percent instead of 65 percent of the member's final compensation plus 1 percent for each year of creditable service over 25 years but not to exceed 30 years.

Consolidated Police and Firemen's Pension Fund:

The Consolidated Police and Firemen's Retirement System (CPFPF) is a closed system with no active members and was established in January 1952 to provide coverage to municipal police and firemen who were appointed prior to July 1, 1944.

7. PENSION PLANS (Continued)

Contributions Required and Made

Contributions made by employees for PERS was 6.78% from January 1 to June 30, 2014 and 6.92% from July 1 to December 31, 2014. PFRS is 10.0% of their base wages. Employer contributions are actuarially determined on an annual basis by the Division of Pensions. Contributions to the plan for the past three (3) years are as follows:

Year	PERS		PFRS	
	Borough	Employees	Borough	Employees
2014	\$ 27,536.00	\$ 19,335.63	\$ 120,710.00	\$ 72,931.01
2013	23,565.00	17,105.03	131,987.00	72,227.15
2012	21,969.00	19,094.96	119,756.00	70,269.71

In 2009 the Borough deferred half of the required amount in accordance with State permission. This deferral will be paid back starting in 2012 and paid over 15 years at 8.50% interest.

8. DEFINED CONTRIBUTION RETIREMENT PROGRAM

Description of System

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500.00 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

If the eligible elected or appointed official will earn less than \$5,000.00 annually, the official may choose to waive participation in the DCRP for that office or position. This waiver is irrevocable.

As of May 21, 2010, the municipal base salary required for eligibility in the DCRP was increased to \$5,000.00.

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee and employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment options provided by the employer.

The law requires that three classes of employees enroll in the DCRP, detailed as follows:

- All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may remain in the Public Employees' Retirement System (PERS).
- A Governor appointee with the advice and consent of the Legislature or who serves at the pleasure of the Governor only during that Governor's term of office.
- Employees enrolled in the PERS on or after July 1, 2007 or employees enrolled in the PFRS after May 21, 2010 who earn salary in excess of established "maximum compensation" limits.
- Employees otherwise eligible to enroll in the PERS on or after November 2, 2008 who do not earn the minimum salary for PERS Tier 3, but who earn salary of at least \$5,000.00.
- Employees otherwise eligible to enroll in the PERS after May 21, 2010, who do not work the minimum number of hours per week required for PERS Tier 4 or Tier 5 enrollment (32 hours per week) but who earn salary of at least \$5,000.00 annually.

8. DEFINED CONTRIBUTION RETIREMENT PROGRAM (Continued)

Notwithstanding the foregoing requirements other employees who hold a professional license or certificate or meet other exceptions are permitted to remain to join or remain in PERS.

Contributions Required and Made

Contributions made by employees for DCRP are currently at 5.5% of their base wages. Member contributions are matched by a 3.0% employer contribution.

During the year 2014, there were no officials or employees enrolled in the DCRP.

9. MUNICIPAL DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Pursuant to N.J.S.A. 40A:2-8.1, bond anticipation notes, which are issued to temporarily finance capital projects, cannot be renewed past the third anniversary unless an amount equal to at least the first legal requirement is paid prior to each anniversary and must be paid off within ten years and five months or retired by the issuance of bonds.

Summary of Municipal Debt (Excluding Operating and School Debt)

	<u>Year 2014</u>	<u>Year 2013</u>	<u>Year 2012</u>
<u>Issued</u>			
General:			
Bonds and Notes	\$ 592,096.00	\$ 722,845.00	\$ 1,594,170.00
Green Acres Loan Payable	53,055.68	73,549.82	93,640.13
N.J. Environmental Infrastructure Loan Payable	345,020.55	374,443.91	403,620.43
<u>Authorized but Not Issued</u>			
General:			
Bonds and Notes	<u>275,037.80</u>	<u>275,037.80</u>	<u>680,100.00</u>
Net Bonds and Notes Issued and Authorized but Not Issued	<u>\$ 1,265,210.03</u>	<u>\$ 1,445,876.53</u>	<u>\$ 2,771,530.56</u>

Summary of Statutory Debt Condition - Annual Debt Statement

The summarized statement of debt condition which follows is prepared in accordance with the required method of setting up the Annual Debt Statement and indicates a statutory net debt of 0.966%.

	<u>Gross Debt</u>	<u>Deductions</u>	<u>Net Debt</u>
General Debt	<u>\$ 1,265,210.03</u>	<u>\$ -</u>	<u>\$ 1,265,210.03</u>
Average Equalized Valuation Basis of Real Property (N.J.S. 40A:22)			<u>\$ 130,973,489.67</u>

9. **MUNICIPAL DEBT (Continued)**

Net debt divided by Average Equalized Valuation Basis of Real Property equals 0.966%.

The foregoing debt information is in agreement with the Annual Debt Statement filed by the Chief Financial Officer.

Borrowing Power Under N.J.S. 40A:2-6 as Amended

3 1/2% of Equalized Valuation Basis	\$ 4,584,072.00
Net Debt	<u>1,265,210.00</u>
Remaining Borrowing Power (Exceeds Maximum)	<u>\$ 3,318,862.00</u>

School Debt Deductions

School debt is deductible up to the extent of 3.0% of the Average Equalized Assessed Valuations of real property for the Local School District.

Intergovernmental Loan

A Green Trust Loan, in the sum of \$351,592.89, for the acquisition and improvement of a parcel of land for Recreation/Conservation Purposes was approved by the New Jersey Department of Environmental Protection Agency in 1996 and consummated in 1997 at an interest rate of 2%. The following debt schedule was prepared by the New Jersey Department of Environmental Protection Agency and shows that the balance due as of December 31, 2014 is \$53,055.68:

<u>Year</u>	<u>Interest</u>	<u>Principal</u>
2015	\$ 957.11	\$ 20,906.07
2016	536.90	21,326.28
2017	<u>108.20</u>	<u>10,823.33</u>
	<u>\$ 1,602.21</u>	<u>\$ 53,055.68</u>

9. MUNICIPAL DEBT (Continued)

New Jersey Environmental Infrastructure Loan

The Borough entered into two loans with the State of New Jersey for improvements to the Borough. The sum of \$144,890.00 was borrowed under the Trust Program at low interest rates and the sum of \$434,672.00 Fund Loan which calls for principal only payments. The following is a schedule of future payments:

<u>Year</u>	<u>Fund Loan</u>	<u>Trust Loan</u>		<u>Total</u>	
	<u>Principal</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2015	\$ 22,593.81	\$ 7,091.12	\$ 4,133.48	\$ 29,684.93	\$ 4,133.48
2016	22,593.81	7,371.93	3,852.66	29,965.74	3,852.66
2017	22,593.81	7,668.28	3,556.32	30,262.09	3,556.32
2018	22,593.81	7,982.68	3,241.92	30,576.49	3,241.92
2019	22,593.81	8,317.16	2,907.44	30,910.97	2,907.44
2020	22,593.81	8,672.30	2,552.30	31,266.11	2,552.30
2021	22,593.82	9,046.94	2,177.66	31,640.76	2,177.66
2022	22,593.81	9,442.29	1,782.30	32,036.10	1,782.30
2023	22,593.81	9,856.81	1,367.78	32,450.62	1,367.78
2024	22,593.81	10,291.50	933.10	32,885.31	933.10
2025	22,594.01	10,747.42	477.18	33,341.43	477.18
	<u>\$ 248,532.12</u>	<u>\$ 96,488.43</u>	<u>\$ 26,982.14</u>	<u>\$ 345,020.55</u>	<u>\$ 26,982.14</u>

Bond Anticipation Notes

Outstanding Bond Anticipation Notes are summarized as follows:

<u>Notes</u>	<u>Interest Rate</u>	<u>Amount</u>
General Capital	1.35%	<u>\$ 592,096.00</u>

Statutory requirements for providing sums equivalent to legally payable installments for the redemption of notes (Budget Appropriations) and permanent funding (Bond Issues) are summarized as follows:

<u>Note Issued</u>	<u>Installments Due</u>	<u>Required as of May 1</u>
2005	2008 - 2015	2016
2008	2011 - 2018	2019
2010	2013 - 2020	2021
2011	2014 - 2021	2022

Bonds and Notes Authorized but Not Issued

There were Bonds and Notes Authorized but Not Issued in the following amount:

General Capital Fund:		
General Improvements	<u>\$ 275,037.80</u>	<u>\$ 275,037.80</u>

10. INTERFUND RECEIVABLES AND PAYABLES

As of December 31, 2014, interest receivables and payables that resulted from various interfund transactions were as follows:

	<u>Due from Other Funds</u>	<u>Due to Other Funds</u>
Current Fund	\$ 286.22	\$ 223,539.57
Animal Control Fund	22.20	286.22
General Trust Fund	32,621.19	40,301.10
General Capital Fund	231,197.28	
Water Operating Fund		60,000.00
Water Capital Fund	<u>60,000.00</u>	
	<u>\$ 324,126.89</u>	<u>\$ 324,126.89</u>

11. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING YEARS' BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2014, there were no deferred charges on the balance sheets of the various funds.

12. DEFERRED COMPENSATION PLAN

The Borough of East Newark does not offer its employees a Deferred Compensation Plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., and the Internal Revenue Code, Section 457.

13. RISK MANAGEMENT

The Borough has contracted with a private insurance carrier related to risks for losses related to Auto, General Liability, Workmen's Compensation, Property Damage and Public Officials Liability. The coverage is subject to certain policy limits and deductible amounts. The coverage is designed to minimize the impact of any potential losses to the Borough for matters which may have been caused or related to the Borough or its employees.

14. CONTINGENT LIABILITIES

A. Compensated Absences

The Borough of East Newark has an Accrued Sick Policy Plan whereby eligible employees, upon retirement, will receive one-half of accumulated sick time not to exceed fifty days. The Borough's policy as it relates to the Police Department calls for the payment of all unused vacation days.

14. CONTINGENT LIABILITIES (Continued)

A. Compensated Absences (Continued)

At December 31st, based upon each years' pay rates for the past five years, Borough officials have estimated the dollar value in unused sick days and compensatory time accumulated. Subject to the limitations described above, these amounts could be due and payable to Borough employees upon separation:

<u>Year</u>	<u>Amount</u>	<u>Number of Employees</u>
2014	\$ 129,810.46	8
2013	135,107.10	8
2012	134,898.32	8
2011	132,457.94	8
2010	57,116.00	7

The above amounts represent contingent liabilities and are not reflected on the financial statements. The figures for all years have been calculated by management and are unaudited.

B. Tax Appeals

A pending settlement for tax appeals indicates that the Borough credited the sum of \$100,000.00 in 2013 to one taxpayer. Also, there is a tax appeal for the years 2008 through 2014 filed by ENTC that is currently being defended.

Judgments favorable to the taxpayers generally extend to two years following the year judged and would also subject the Borough to a liability for statutory interest based upon the amount of taxes refunded from the date of payment to the date of refund (R.S. 54:3-27.2). As of December 31, 2014, the Borough has established a Reserve for Tax Appeals in the amount of \$99,680.56.

C. Federal and State Awards

The Borough participates in several federal and state grant programs which are governed by various rules and regulations of the grantor agencies; therefore to the extent that the Borough has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at December 31, 2014 may be impaired. In the opinion of management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying statutory basis financial statements for such contingencies.

D. Arbitrage Rebate Calculation

In 1985, under the Tax Reform Act, the Arbitrage Rebate Law went into effect requiring issuers of tax exempt debt obligations to rebate to the Federal Government all of the earnings in excess of the yield on investments of proceeds of such debt issuances (the "rebate arbitrage"). The Rebate Regulations apply to obligations issued after August 31, 1986. The arbitrage rebate liability must be calculated every installment computation date (last day of the fifth bond year) or earlier if the bonds are retired, defeased or refunded and pay at least 90% of the rebatable arbitrage (plus any earnings thereon) within 60 days after such date.

E. Payments in Lieu of Taxes (PILOT)

Under N.J.S.A. 40A:20-12, each municipality is required to annually remit to the County five percent (5%) of the annual service charge for each long-term PILOT financial agreement entered into by the municipality.

14. CONTINGENT LIABILITIES (Continued)

F. Litigation

The Borough Attorney's letter indicated that there was one case pending that could have a material financial impact on the Borough. A developer has filed a claim for breach of contract for redevelopment rights to an area that has been designated in need of redevelopment. The Borough is aggressively defending the matter.

15. SECONDARY MARKET DISCLOSURE

Solely for purposes of complying with Rule 1602-12 of the Securities and Exchange Commission, as amended and interpreted from time to time (the "Rule"), and provided that the Bonds are not exempt from the Rule and provided that the Bonds are not exempt from the requirements in accordance with Paragraph (d) of the Rule, for so long as the Bonds remain outstanding (unless the Bonds have been wholly defeased), the municipality shall provide for the benefit of the holders of the Bonds and the beneficial owners thereof various financial documents relating to the financial conditions of the Municipal Securities Rulemaking Board through the Electronic Municipal Access Data Port (the "MSRB").

16. SUBSEQUENT EVENT

The Borough of East Newark has evaluated subsequent events that occurred after the balance sheet date, but before September 30, 2015. No items were determined to require disclosure.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Borough Council
Borough of East Newark
East Newark, New Jersey 07029

We have audited the financial statements - regulatory basis of the various funds of the Borough of East Newark, in the County of Hudson, as of and for the years ended December 31, 2014 and December 31, 2013, and the related notes to the financial statements - regulatory basis and have issued our report thereon dated September 30, 2015. These financial statements - regulatory basis have been prepared in conformity with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements - regulatory basis, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements - regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Borough's financial statements - regulatory basis will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements - regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain matters that we reported to management in the comments and recommendations section of this report.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the Borough's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Honorable Mayor and Members
of the Borough Council
Borough of East Newark
East Newark, New Jersey 07029

Madame and Gentlemen:

We have audited the regulatory basis financial statements, State Financial Assistance Programs and supplemental schedules and data of the

BOROUGH OF EAST NEWARK COUNTY OF HUDSON

for the years ended December 31, 2014 and December 31, 2013 and have issued our report thereon. As part of our audit, we reviewed and tested the Municipality's system of internal accounting control to the extent we considered necessary to evaluate the system as required by auditing standards generally accepted in the United States of America; by the Division of Local Government Services of the Department of Community Affairs, State of New Jersey; by the *Government Auditing Standards* issued by the U.S. General Accounting Office; and by the provisions of the "Single Audit Act of 1984". Compliance requirements were also reviewed in accordance with the requirements of the aforementioned standards and guidelines or, where applicable, the terms and conditions of particular grant agreements and as approved by the Cognizant Audit Agency.

Our comments with respect to the audit, internal control, and any error, omission, irregularity, violation of law, discrepancy or other nonconformity to the law or regulation found during the audit and not heretofore discussed are herewith set forth.

Contracts and Agreements Required to be Advertised for (N.J.S.A. 40A:11-4)

N.J.S.A. 40A:11-4a states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

It is pointed out that the Borough Council has the responsibility of determining whether the expenditures in any category will exceed the threshold set for the fiscal year and, where question arises as to whether any contract or agreement might result in violation of the statute, the opinion of the Borough Attorney should be sought before a commitment is made.

The statutory bidding threshold for the year 2014 was the sum of \$36,000.00 effective July 1, 2010 in accordance with the provisions of N.J.S.A. 40A:11-3a, based on the appointment of a qualified purchasing agent.

Notwithstanding N.J.S.A. 40A:11-3a, P.L. 2005, Chapter 51 and N.J.S.A. 19:44A-20.5, known as the "Pay-to-Play Law" provides that a municipality is prohibited from executing any contract in excess of \$17,500.00 on or after January 1, 2006, to a business entity that made certain reportable contributions to any municipal committee of a political party if a member of that party is in office as a member of the governing body of the municipality when the contract is awarded unless proposals or qualifications are solicited through a fair and open process.

It is further noted that contracts between \$17,500.00 and the municipal bidding threshold, known as "window contracts", can be issued by resolution of the governing body without competitive bidding if a non-fair and open process is implemented which prohibits reportable contributions by the business entity.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories of material and supplies or related work or labor, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Examination of Claims

In verifying expenditures, computations were tested on a statistical sample of claims approved and paid. No attempt was made in this connection to establish proof of rendition, character or extent of services, nor quantities, nature, propriety of prices or receipt of materials, these elements being necessarily left to internal review in connection with the approval of claims.

Vouchers were examined to the extent deemed necessary. We tested a statistical random sample of 60 paid vouchers and noted no exceptions.

Collection of Interest on Delinquent Taxes and Water Balances

The statutes (N.J.S. 54:4-67, as amended) provide the method authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body, on April 1, 1980, adopted the following resolution authorizing interest to be charged on delinquent taxes:

"BE IT RESOLVED that the interest rate on delinquent taxes be fixed at 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00. Any taxes not paid when due shall be called delinquent taxes 10 days after due date."

The Governing Body on November 9, 1994 adopted the following resolution authorizing interest to be charged on delinquent balances:

"WHEREAS, in accordance with N.J.S.A. 54:5-61, a 6% end of year penalty may be established by resolution; and

WHEREAS, within any given calendar year, a 6% penalty may be charged for delinquent taxes, interest and other municipal charges which exceed \$10,000.00.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of East Newark that a 6% year end penalty be and hereby is established and chargeable on all delinquent accounts with a balance in excess of \$10,000.00."

Tests of the Collector's records indicated that interest was generally collected in accordance with the foregoing resolutions.

Financial Records

Our audit of the books and accounts for Financial Administration determined the following conditions:

Finding 2014-01:

State Transportation Aid Receivable:

As reflected on Exhibits "A-11" and "C-4", two receivables for State Transportation Aid remain uncollected as of December 31, 2014. The receivable of \$39,625.45 is for improvements to Sherman Avenue, which began in 1996. The project appears to be complete and the collection of these funds should continue to be pursued. The other receivable is for the year 2000.

Recommendation:

That the balances be investigated and, based on findings, the Borough should file claims for any reimbursements that may be due. Any uncollectible amounts should be raised in the budget or funded by other means.

Payroll Account

The propriety of deductions from employee salaries for pensions, Social Security, withholding tax and other purposes from employee payrolls were not verified as part of this audit. Remittances of deductions and withholdings to authorized agencies, however, were ascertained. There is a balance of \$50,988.65 that is unidentified. The Borough is aware of this amount and is researching the situation. Appropriate action will be taken during the year 2015.

Municipal State Aid

The Borough's allotment of State Aid under the Consolidated Municipal Property Tax Relief Act was reduced by the amount of \$95,000.00 as reflected on Exhibit A-2. This amount represents the Borough's share of a class action suit that was brought against several municipalities that are adjacent to the Passaic River for violations of improper disposal of rain water into the river that have since been corrected. This amount was paid directly to the plaintiffs by the State of New Jersey.

Fixed Assets

Finding 2014-02:

The Division of Local Government Services in the Department of Community Affairs in the State of New Jersey requires all municipalities in the state to establish and maintain sets of accounts and inventories reflecting costs of other valuations of all of its capital fixed assets, including land, buildings, improvements, machinery, furniture and equipment. Such accounts, to be included under "Capital Fixed Assets" would insure complete fiscal reliability of records, establish a basis for claims of losses and other insurance purposes, augment protective measures against the misuse or theft of property and furnish data on aging, anticipated life and other information on assets. Failure to maintain capital fixed asset records could jeopardize the Borough's eligibility for future Federal and State Grants. Although an inventory of movable capital fixed assets was undertaken in prior years, it has not been updated nor recorded for fiscal year 2014.

Recommendation:

That records for "Capital Fixed Assets" be updated and maintained on a current basis.

Revenue Collection Department

Municipal Court

A statutory report on the operations of the Municipal Court was prepared as part of our examination and copies were filed, under a separate cover, with the New Jersey Administrative Office of the Courts, Division of Local Government Services, the Municipal Court and the Borough Clerk.

Bail Accounts (Traffic and Criminal)

Finding 2014-03:

The bail account cash balance of \$7,385.00 was not in agreement with the bail on account report amount for open bail items as of December 31, 2014. The open bail report had the sum of \$7,059.00.

Recommendation:

That the bail on account report be reconciled to the bail cash balance on a monthly basis.

Other Post-Employment Benefits

Local Finance Notices 2007-15 and 2009-15 require local units that provide non-pension benefits to retired employees, such as health insurance coverage, prescription or other benefits, to disclose the annual payment for currently retired employees and future cost for those employees in the Notes to the Financial Statements.

Those municipalities that are not members of the State Health Benefits Plan or other cost-sharing plans must obtain an actuarially calculated post employment benefit on a periodic basis for inclusion in the Notes to the Financial Statements. The Borough of East Newark does not provide health insurance coverage for its retirees.

Corrective Action Plan

In accordance with regulations promulgated by the Single Audit Act and the Division of Local Government Services, all municipalities are required to prepare and submit to the Division of Local Government Services, a Corrective Action Plan with regard to audit deficiencies. This plan must be approved by formal resolution of the Governing Body and submitted within sixty (60) days from the date the audit is received. A Corrective Action Plan was prepared for the 2013 audit.

Status of Prior Years' Audit Recommendations

A review was performed on all prior years' recommendations and corrective action was taken on all with the exception of those recommendations marked with an asterisk.

Miscellaneous

A report summarizing collections of Dog License Fees and remittances of State Registration Fees has been prepared and filed with the New Jersey Department of Health and the Division of Local Government Services.

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

All sums of outstanding checks shown in cash reconciliations herein, are in agreement with the records of the Treasurer.

One copy of this report is filed with the New Jersey Division of Local Government Services.

A summary or synopsis of this report was prepared for publication and filed with the Borough Clerk.

RECOMMENDATIONS

- * That State Transportation Aid Receivable balances be investigated and, based on findings, the Borough should file claims for any reimbursements that may be due. Any uncollectible amounts should be raised in the budget or funded by other means.
- * That records for "Capital Fixed Assets" be updated and maintained on a current basis.

That the bail on account report for the Municipal Court be reconciled to the bail cash balance on a monthly basis.

*Repeated from prior year audit.

The foregoing comments and resultant recommendations are not of sufficient materiality whereby they would affect our ability to express an opinion on the financial statements taken as a whole.

We shall be pleased to confer on any questions that might arise with respect to any matters in this report.

We desire to express our appreciation for the assistance and courtesies rendered by the Borough officials and employees during the course of the examination.

Respectfully submitted,
